About Us

The Transport Made Simple Group is a technology-enabled transport solution provider. We operate one of the largest independently owned fleets of buses and coaches in the UK, and our mission is to deliver reliable, sustainable public transport, which meets the needs of the communities we serve. We do this by being a great place to work, whilst also being customer centric, cost disciplined and revenue driven. Everything we do is underpinned by our four values of Growth, Excellence, Integrity and Efficiency, which guide our day-to-day operations and longer-term decision-making.

We're a team of 800 colleagues, with a fleet of 400 buses, coaches and minibuses, and we operate from a strategic network of depots across East Anglia, the Midlands and Greater London.

Our Central Connect local bus network has an annual ridership of more than 10 million passengers, delivered in partnership with sixteen Local Transport Authorities. Alongside running local bus services, we provide home-to-school, rail replacement and Demand Responsive Transport services, operate corporate and event shuttle buses and run our own programme of holidays and day trips. We also hire out our buses and coaches to a range of clients, from schools, colleges and local businesses to major names in the travel and tourism industry, such as Leger Holidays, Flixbus and PGL.

Our solutions go beyond moving people - we also support commercial fleet operators across East Anglia with reactive and pre-planned maintenance solutions from our accredited workshops, offering heavy and light vehicle MOTs, bodywork repairs and resprays, heavy recovery and breakdown response, including 24/7/365 roadside tyre assistance provided by sister company Lion Tyres Essex. We also deliver facilities management services on behalf of Norfolk County Council, undertake sundry tasks such as maintaining bus stops on behalf of a range of local authorities, and operate two cafes and travel information hubs in Norwich and Colchester under the Cafe Connect brand.
